Skodborg, 1st of October 2025

NEWS: We are changing our name effective 1st of October 2025

Skodborg Dæk Service will henceforth be known as RATGEN.

The name change marks our evolution from a local tire and wheel specialist to an international manufacturer of complete wheel solutions.

For decades, we have supplied unique specialty wheels to the agricultural sector – and now we are putting even more focus on our in-house-developed products, exports, and tailored solutions for agriculture and industry.

Everything else remains unchanged: The same SE number, ownership, team, address, and services – and the same high quality.

We look forward to continuing the journey with you – now under the name **RATGEN**.

Feel free to visit our new website ratgen.eu and explore our new online store.

Kind regards

Felix Ratgen
Owner
